

Post-graduated Courses Director

Updated at January 2015

Course Venue: *San Raffaele Hospital, Vita-Salute San Raffaele University, Department of Neurosurgery and Gamma Knife Radiosurgery, Neurosurgical Laboratory*

1. 2014 – January, 25th
“Stereotactic Radiosurgery: 20 years of activity”
2. 2013 – November, 7th – 9th
“International Hands-on Dissection Course Surgery of Midline Tumors”
 - Midline Skull Base Tumors
 - Intra and extra/axial tumors of midline intradural space
 - Hands-on dissection course
3. 2012 – May, 10th – 12th
“International Hands-on Dissection Course Surgery of Sellar and Suprasellar Tumors”
 - Sellar Region
 - Sellar Tumors
 - Pituitary Adenomas
 - Pituitary Adenomas Treatment
 - Craniopharyngiomas
 - Transsphenoidal surgery
 - Transcranial surgery
4. 2011 – May, 12th – 14th
“International Hands-on Dissection Course Surgery of Cerebello-Pontin Angle Tumors”
 - Vestibular Schwannomas
 - Petroclival Meningiomas
 - Hands-on dissection course
5. 2010 – November, 4th – 6th
“Intensive Hands-on Dissection Course Surgery of Sellar and Parasellar Lesions”
6. 2006 – May, 5th – 6th
“Post graduated course: “Brain tumors” Brescia”
7. 2004 – November, 4th – 5th
“Dissection course satellite to the XLIV Meeting of the Italian Society for Neurosurgery, Milan (ITALY) ”
8. 2002 – November, 5th – 7th
“VII Congresso Nazionale Società Italiana Basicranio – Corso satellite dissezione”
(Dissection course on skull base approaches Satellite at the VII National Congress of Italian Society for skull base surgery-Milan)
9. 2001 – May, 21st – 22nd
“Corso di anatomia chirurgica dissettorica della base cranica: le vie transtemporali alle patologie intracraniche”
(Course of surgical anatomy of the skull base: transtemporal approaches to the intracranial space)
10. 2001 – May, 17th – 19th
“Second Intensive Hands –on Dissection Course on Skull Base Surgery: Surgical Approaches yo the Sellar Tumors”
Credits given by the Italian Health Minister:15 - Guest Faculty E.Laws (Charlottesville USA), R Fhalbush (Nuernberg Germany)
11. 2000- May, 18th – 20th
“Organizer: International Intensive Hands-on Dissection Course on Skull Base Surgery: the control of the Large Vessels at the Skull Base”
Guest Faculty L.Sekhar (Washington DC USA), B.George (Paris France)

Instructor in Post-graduated Courses

Updated at November 2014

1. 2007
Pterional and Fronto-Temporo-Orbito-Zygomatic approaches. Pre-Congress Training Course.
Joint Meeting of the Italian Society of Neurosurgery and the USA Congress of Neurological Surgeons, Rome (Italy)
2. 2002
Dissection course on skull base approaches Satellite at the VII National Congress of Italian Society for skull base surgery-Milan (Italy)
3. 2001
Instructor Course of surgical anatomy of the skull base: transtemporal approaches to the intracranial space.
Vita-Salute San Raffaele University Milan (Italy)
4. 2001
Second International intensive course on skull base surgery: surgical approaches to the sellar tumors. Vita-Salute San Raffaele University Milan (Italy)
5. 2000
Course of the Italian society for neurosurgery on the surgical approaches to the posterior fossa and craniospinal junction: Anatomy and techniques. L'Aquila (Italy)
